MAJOR FIRE at 11 a.m. Friday at 1857 Edwardsville Road is fought by Madison firemen, several of whom narrowly escaped serious injury when the roof of the house collapsed. Arson is suspected as the cause of

the fire and authorities have three persons in custody for questioning. A state arson investigator is studying the cause of the blaze that gutted the \$12,000 home.

Ambulances to shut down in six weeks

By HARRY BARNES
Press-Record Staff Writer
In a surprise move that was in direct contrast to earlier discussions, representatives of Thomas Ambulance Service, Inc., told the Granite City Council Thursday night that emergency ambulance services in the city and the adjacent Quad-City area will be discontinued by the firm on March 15.

The announcement was made by letter during a special council meeting called to discuss the matter of solving an earlier request by the ambulance firm for a financial subsidy that would help the Thomas service meet what it said are substantial losses of operation of emergency ambulance services.

The letter, written by Robert H. Thomas, president of the firm,

Thomas Ambulance Service was read to the council by Leon Scroggins, attorney for the ambulance firm, and obviously caught council members off guard, although city officials during the past several weeks had been discussing grants funds for the purchase of four ambulances in the event that continued service by the Thomas firm struck a snag.

After the notice was read, Abel J. Abel, a member of the Second Ward, chairman of the council's traffic committee, turned to Thomas, who was in the audience with Scroggins and David Parney, another Thomas employee, and remarked that "This is a direct contrast to what you have been talking about."

"You made a definite stand in a meeting of the [the traffic committee] last week asking for financial help to keep operating. Now you make a flat statement that you are not going to continue. You were going to continue in the meeting last week. Now you are here facing north," Whilmer continued.

Scroggins replied:

We are here to offer the best possible service. I think that on that occasion we talked about getting financial help. But my client (Thomas Ambulance

standings and difficult problem. It has been discussed on numerous occasions over a period of seven years. In fact, the council gave a general notice to Frank Mercer approximately one year ago of the critical nature of the finances of private ambulance services and the necessity of abandoning private ambulance service in this area.

"Historically, ambulance services were handled jointly by all mortuaries. Beginning in the early 1970's, advancement

Ambulance letter

Notice that Thomas Ambulance Service, which now provides most of the emergency ambulance service in Granite City and the Quad-City area, will discontinue such service on March 15, was given the City Council by a special council meeting Thursday night.

The letter, by Robert H.

Thomas, president of the firm, said:

"The subject matter of this communication is not a new consideration. The new mayor of the city of Granite City at the last City Council meeting, this situation is a long-

School balloting

Quad-City area school districts and Belleville Area College, of which the Granite City school board will elect a board of education members in school elections to be held this year on Saturday, April 9, it was reported this week.

The April 9 date has been selected by Granite City, Venice, Madison and BAC boards of education in recent meetings, although the state election code provides an alternative date of April 5 because the regular election date of April 9 this year falls on the day before Easter.

Home inspections helpful

By VIRGINIA KNAUER

What first looks like the ideal house for your family may turn out to be a lot of headaches unless you know—before you move in—what you are really getting.

Although most consumers have a limited knowledge of construction inspection, the Housing and Urban Development Department (HUD) says there are steps you can take to insure that your future home is

sound and that you will get what the seller promised.

With older houses, the prospective buyer should give special attention to these items:

1. Termite infestation and wood rot—HUD suggest hiring a pest control specialist.
2. Sagging structure—Look carefully at the squareness of exterior walls.
3. Wiring and plumbing—Request inspection by local government officials for code

Gas for industry but trimmed 17%; public conserving

An obvious and "gratifying" effort by area natural gas users to voluntarily reduce gas usage during the weekend will permit continued operation of major consumers without a direct shutdown order at this time, the Illinois Power Co. announced this morning.

Carl Mathias, service area manager of the Illinois Power Co. in Granite City, said that

distribution shutoffs to large gas users was eliminated for the time being by obvious cooperation by gas users during the weekend to cut down on gas usage conforming with such a request by Illinois Power Co.

The immediate threat of gas

shut-off Monday.

The warning said that the area's most bitter winter in many years had a real impact on distribution of natural gas service to industry and that unless usage was curtailed during the weekend, "there is a serious doubt that we can continue to serve industrial gas consumers throughout Monday."

The warning said that a substantial effect on weekend gas usage, Mathias said today.

"We could tell that the people are making a real effort to reduce gas usage. It was most gratifying and if we can continue to receive that cooperation — along with some contributions from residential — we will be able to get through this winter period without the necessity of cutting off service to the larger users," Mathias said.

The weather and prospects of continued low temperatures still is a serious situation, although the temperatures during the weekend and those projected for next week do not create the problems we had earlier when the temperature dropped to 10 or 15 below zero," he added.

McBride here today; shorter week is sought

By GARY SCHNEIDER
Press-Record Staff Writer

Lloyd McBride, formerly director of the United Steelworkers of America and candidate for international president of the steelworkers in Illinois, Feb. 6, was in Granite City this morning to meet with workers in his campaign headquarters at 1942 State St.

While here, McBride told workers he intends to aid returning president L.W. Abel in attempting to shorten the work week in the steel industry from hours to about 32 to 36 hours per week.

Negotiations to shorten the work week will be made during basic steel industry negotiations which open Feb. 14.

Abel, 58, of Elgin, June 1 and McBride said the start of the McBride team will provide "an orderly transition" of leadership in the Steelworkers.

"I would accompany Abel in the negotiations and the negotiations will be completed after June 1 and I can go on building from whatever position we are in at that time," McBride said.

"There is no question Abel wants to make sure the negotiations are completed and he has ever been in on and wants concrete results on our wage policy statement, wage income security and lifetime employment principles," McBride said.

"With his determination to end his career achieving some of these goals, I expect we will have successful (basic steel

negotiations and will translate that settlement pattern into our other industry settlements," McBride said.

Asked about a comment on the nationwide television program "Face the Nation" yesterday in which it was said he had received a \$1,000 campaign donation from a group of Granite City residents, McBride said that contribution was from the Calvo and Guadarrama firm of Circuit Judge Horace Calvo and Attorney Paul Guadarrama, in whose office

negotiations will be made.

Couple robbed

Mr. and Mrs. Sam (Anna) Revak, 1416 Washington Ave., were handcuffed and forced to remain in their living room while two young men, believed to be in their early 20's, ransacked their home at 2:31 a.m. Saturday.

When police officers arrived at the home they found the glass in front porches doors and the front porch broken and a chair and his wife lying on a couch in the living room.

Mr. Revak, 75, said she woke up when she heard the sound of two persons standing at her bed. They told her to be quiet and she would not be hurt, that all they wanted was money.

One of the men went into the bedroom and woke Mr. Revak, taking him into the living room and placing a pillow case over his head. Both Mr. Revak and his wife were handcuffed with their hands in front.

They were not hurt or mistreated during the burglary and after the pair left, Mr. Revak was able to go to his neighbor's home and summon police.

From the house were a man's gold watch which was a 25-year gift from General Steel Industries, a man's wallet containing \$100 and papers, an unknown amount of change and a Polaroid camera.

As the intruders left they said they would be back to remove the cuffs, it was reported.

Weather outlook for this region

Partially clear today with a slight warming trend. High today near 20; low tonight about 10. High Tuesday in the upper 20s. Chance of snow Wednesday, turning cold again on Thursday, and warming by Friday afternoon. Low Wednesday about 20. High Wed-

nesday near 40. High Thursday in the 20s to 30. Low Friday in the teens. High about 30.

William Christopher, who

portrays Father Mulcahy on the

popular television series -

MASH - will be the special guest

at the 1977 Mardi Gras

Ball to aid the American Cancer

Society and the Madison County

Unit.

His appearance at the

patron's cocktail party and

buffet scheduled on Saturday,

Feb. 12, is being announced by

the unit's executive planning

committee.

Tickets and further in-

formation concerning the event

may be obtained by contacting

the Cancer Society's office at

528 Henry St., Alton, Ill. 62002.

or by calling 1-465-7821.

Coming to this area from

California almost is like coming

home to Bill, the series regular

reported. He was born in

Evanston, Ill., and received his

BA degree at Wesleyan

University in Middletown, Conn.

After having a successful role

in the "Hostage," a Broadway

play, then on the road with

"Beyond the Fringe," Christopher

and his wife, Barbara, went to Hollywood

where he landed a part in

"Gomer Pyle, U.S.M.C." which

lasted three seasons.

He has appeared in several

movies and two of his favorites

are "Fortune Cookie" with Jack

Lemmon and Walter Matthau,

and "Six Years" with Elizabeth Taylor.

Christopher has an impressive lineage. Paul Reveres

was his great-great-great-

uncle and his great-great-grandfather, Hans

Wichmann, founded the First Methodist Church of Chicago.

The television actor and his

wife and two sons, John and

Neel, live in a Pasadena

bungalow where they are

surrounded by a blend of antique

and modern furniture.

Mrs. Christopher is an artist in

her own right. Her husband's

hobbies are gardening, reading

History in the original Greek

and playing Scott Joplin on piano.

Prior to the Mardi Gras Ball,

which is from 9 p.m. until 1 a.m.

Feb. 12, at the Hotel and Park

Resort and Ballroom in East

Alton, the patron's cocktail

buffet will take place at the

Ramada Inn in Alton from 7 p.m.

Patrons who come to make a \$7 donation, which also entitles

them to attend the ball. The

dance donation is \$30 per couple.

Special favors will be

presented to each woman and a

buffet will be served, starting at

11 p.m.

Entertainment and music for

dancing will be provided by

Jean Kittrell and the

Mississippi Mudcats and the

New Orleans Mudcats.

The original suit against the

state was filed in 1974 by James

Jones, doing business as Bailey

and Jones Scavenger Service,

Chicago.

Scott won the case for the

state last month when Cook

County Circuit Court Judge F.E.

Morrissey ruled against the

plaintiff on the two motor fuel

tax issues, enabling transfer of

funds from the plaintiff to the state.

For an appeal by the plaintiff

has passed, Scott pointed out.

Procedure to replace undesirable discharges

Since Jan. 1, the practice of issuing "undesirable discharges" has been discontinued by the armed services.

R. A. Hoover, counselor in the

Office of Veterans Affairs, said

SOCIAL SECURITY

discharges were administratively

discharged for security reasons

or misconduct, or those who

resigned or requested discharge

for "bad conduct" or "dishonorable

discharge," Hoover said.

Detailed procedures on ap-

plying for the replacement

certificate may be obtained by

contacting the SOCIE Office of

Veterans Affairs.

receive such a discharge can,

through application to the

appropriate branch of service,

have the certificate replaced.

It will be issued to those

former members who

were administratively

discharged for security reasons

or misconduct, or those who

resigned or requested discharge

for "bad conduct" or "dishonorable

discharge," Hoover said.

Those veterans who did

not receive such a discharge

will be issued a certificate

immediately for the state's

general revenue account

count.

The funds will be used in a

trust fund account since 1974,

pending the outcome of a class

action suit challenging the state

Revenue Department's practice

of collecting on federal motor fuel tax

on federal railroad fuel tax

DeMolay initiates. Members of the James Stuart Chapter, Order of DeMolay's 200th class, "The George Washington Bicentennial Class" who received the DeMolay degree in Edwardsville, last week. Seated from left to right are Richard E. Miller and Gregory J. Bulva. Standing are A. Brian Curtis, Stephen D. Miller and Michael W. Moore.

DeMolay's initiate five

Five young men from the Quad-Cities received the DeMolay Degree during initiation ceremonies conducted at the Edwardsville Chapter, Order of DeMolay in Edwardsville last week.

They are: Michael W. Moore of Edwardsville and Wood River to receive the degree.

A. Brian Curtis, Gregory J. Bulva, Richard E. Miller and Stephen D. Miller of Granite City and Michael W. Moore of Madison are members of the James Stuart Chapter, Order of DeMolay's 200th class since the chapter was founded in 1919 as the first chapter in Illinois and they received their initiatory degree at the chapter's regular meeting last week.

The class was named "The George Washington Bicentennial Class" in honor of the nation's first president who was a Master Mason.

Assisting the Edwardsville DeMolay in conducting the degree from the local chapter were: Bob DeCourcy, master councilor; Paul Clinard, senior steward and Kirk Poffilo, 4th preceptor. Also present from the local chapter were: Dennis W. Johnson, junior steward; Bradley Lane, senior deacon; David Harley, junior steward; Bruce Groshong, assistant scribe; and Charles A. Meyer, advisor.

Bob DeCourcy, master councilor announced the chapter's annual chili supper will be held at the Masonic Temple, 20th Street and Cleveland Boulevard on Tuesday, Feb. 15, from 11 a.m. to 1 p.m. Chili, beans, corn, carryouts will be available. He remarked that this is the main fund raising event for the chapter's activities.

Granite City Unit to meet Wednesday

The Granite City Unit, Madison County Homemakers Extension Association, will meet at 11 a.m. on Wednesday, Feb. 2 at Grace Baptist Church, according to Mrs. Helen Oberlin, chairman of the group.

The major lesson entitled "Cerebral Hemorrhage" will be presented with a program on "Cardiovascular Disease," which was the January lesson.

The January meeting was cancelled due to severe weather conditions, the chairman added.

COTERIE TO MEET
Mrs. Lila Goff will meet Thursday, Feb. 3 at 1 p.m. in the home of Mrs. Walter Johnson, 2842 State St.

REINHARDT — Realtor
Sells — BETTER LIVING!!

PAPER DRIVE PLANNING. Members of the St. Elizabeth Catholic Youth Organization discuss final plans last week for a paper drive that was conducted in the church parking lot at Pontoon and Johnson Roads. Members, from left, are Beth Goff, Tracy McIntyre, Katie Becherer, Vince Stranbinger and Lori Malottki.

Blackwood Brothers Concert set Sunday

The Blackwood Brothers Quartet which includes singers, James Blackwood, Cecil Blackwood, Jimmy Blackwood and Pat Hoffmaster and accompanists, Ken Turner on the trombone, and trumpet and Tommy Fauchille's pianist and arranger, will present a gospel concert at 7 p.m. Sunday, Feb. 6, at Tri-City Park Tabernacle, according to the Rev. J. Albert Calaway, pastor.

"The exciting sound of the Blackwood Brothers is known around the world and they are electrifying entertainers that stir the audience with their gospel music like no other group can. They have sung to more people, sold more records, and traveled more miles than any other gospel group," Rev. Calaway said.

James Blackwood, who is known as Mr. Gospel Music, has traveled six million miles, sung at 12,000 concerts, and enjoyed 41 years in gospel music. He has won the Dove Award from the

Mrs. Mae Goodnight marks 80th birthday

Gospel Music Association for the best male voice in gospel music for the last seven consecutive years and has been enshrined into the Gospel Music Hall of Fame. He is the only one of the original four who started singing in 1934 in the hills of Mississippi.

Cecil Blackwood is the baritone singer and master of ceremonies for the group. He started his career in gospel music at 21 years old when a teenager he formed his own group with such friends and singers as Jim Harnell and the Rev. Calaway, and Roy Orbison, Elvis Presley. He is James Blackwood's nephew and son of the late Roy Blackwood, the original tenor for the group.

Jimmy Blackwood, is James' oldest son and continues gospel music at an early age with the Junior Blackwood Brothers and later joined the Stamps Quartet. He joined the group in 1970 as lead singer.

Rev. Calaway extends an invitation to the public to attend this one night concert.

Perhaps the best "crowd

pleaser," Ken Turner, has sung with the gospel group and plays the trombone and trumpet as well as giving his famous imitations. He is also an outstanding songwriter, according to the host minister.

The newest member of the group is tenor Pat Hoffmaster, originally from Illinois, and number one pianist and arranger, and has been playing the piano since he was a child.

Rev. Calaway extends an invitation to the public to attend this one night concert.

Interior design, decorating class

The Office of Conferences and Institutes at Southern Illinois University at Edwardsville will offer two workshops in interior design beginning Feb. 16 and continuing through March 16, according to Bonnie Little, coordinator.

Sessions for the course in basic interior design will meet Wednesdays from 6:30 until 8 p.m. in room 330 of Peck Classroom Building.

The course will offer the basics of interior design in easy-to-understand terms.

Functional and traditional design

will be stressed, as opposed to traditional.

"We hope the student will leave the course with a knowledge of how to shop, how to recognize good design and how to design a room that fits him or her own personality," Christopher Thain, instructor for the two courses, said.

Sessions for the advanced course in interior design will meet Wednesdays from 8:15 until 9:15 p.m. at the same location.

Advanced interior design is intended to give students confidence to design a room by

introducing it as a three-dimensional architectural problem.

They will learn to select color, carpet and furniture, use pattern and texture, and find the right accessories to go with a room.

Registration for either the basic or advanced course in interior design is \$10.

Additional information on the course may be obtained by contacting Bonnie Little in the Office of Conferences and Institutes at SIUE, telephone 692-2660.

3 charged with arson

Three Granite City residents were charged today with arson for setting fire to a vacant two-story frame home at 119 Edwardsville Road.

Charged are Willard Leroy Ishum, 39, Donald Martin Hinson Jr., 19, and Bobbie Ginnon Jr., 17, all of whom allegedly had been residing at 2301 Nameoki Road, lot two.

Police allege the three were setting fires to vacant houses which destroyed the \$12,000 home.

Several Madison volunteer firemen narrowly escaped serious injury when the roof of the burning building collapsed onto them while they were fighting the fire inside the building on the second floor.

The blaze gutted the interior of the home and firemen were at the scene until 2:30 p.m. Friday. They found the door jammed from the outside and those inside the second floor of the building when the roof gave way on top of them, commented. "There were three or four of us just inside the door when the ceiling fell down," Detective Paul Bargel said.

Investigators still must sift through the rubble from the fire to determine if there was a plot to find more evidence of how the fire was started.

Energy advisor; plan legislation

State Superintendent Joseph M. Crisman has announced to the State Board of Education the appointment of Donald T. Anderson Jr. as energy advisor for the Illinois Office of Education.

Anderson, a former science teacher, served for several years with private industry in the area of energy generation.

He will chair a special Energy Task Force under the direction of Richard Snowden, director of IOE's School Organization and Facilities Section.

The task force plans to work cooperatively with SId Mordor, director of energy in the Illinois Department of Business and Economic Development, and Senator John L. Knapp, chairman of the Illinois Energy Research Commission, to develop the legislative aspects of a total energy program.

Firemen fought the battle in several areas of the second floor of the building and already noticed the first floor when firemen arrived and most of the flames were in the second story during the firefighting effort.

Water hoses were turned into the flames from the roof of a neighbor's house, as well as from the front porch of the burning structure.

Cold temperatures caused frozen hoses to burst, which said an absence of heat causing curtains, appliances, food, clothing, personal papers, utensils, and other items necessary for survival.

One person was listed as being Ishum was listed as renting the apartment on the first floor.

The second floor apartment had been rented to someone who had been watching the house for several weeks in the belief the house might be burned.

They alleged someone had moved in, had "good furniture" out and replaced it with "old, junk furniture" about Wednesday.

They also alleged an individual was purchasing the house for a contract-for-deed and was three months behind in rent payments.

The city inspector had spoken to the purchaser — not one of the three charged — demand-

CREOLE CUISINE TO BE DEMONSTRATION TOPIC

Local leaders will explain the history of Creole cooking and will demonstrate dishes of the cuisine for Home Economics Extension Association Unit members. Study of this topic is part of the group's planned efforts to increase understanding and knowledge of the cultural heritage of the United States.

Forthcoming meetings include: Tuesday, Feb. 1, 7 p.m. at Hope Lutheran Church, 3715 Wabash Ave.; Wednesday, Feb. 8, 7 p.m. at Grace Baptist Church, 360 Edwards St.; and Wednesday, Feb. 9, Glen Carbon, 11 a.m. at the First Federal Building, Edwardsville.

McBride

(Continued from Page 1)

building McBride's local campaign headquarters are located.

He said he saw nothing wrong with the workers who were interested in labor negotiations taking an active interest in the labor movement, and alleged his opponent, Ed McGuire, was a "right-wing" Republican, who had three such \$1,000 contributions from labor attorneys among his stated donors.

"I made no issue of that and in fact the steelworker leadership is protecting the United States steel industry from unfair competition from Japan," he said.

Ending the Experimental Negotiating Agreement (ENA), which Sidoliowski advocates, would cause many steel users to stockpile steel and turn to cheaper Japanese steel because of the large amounts of money being used to stockpile, McBride contended.

He said the Japanese are delivering steel at \$20 less per ton than the Gulf Coast.

He is pushing for a bond set aside to help find a solution.

Statements made by the three were sent to the police, who were investigating the charges filed today, Detective Paul Bargel said.

The Madison County attorney's office has recommended that the three appear to appear in court in Granite City later today to answer their pleas and have bond set.

Investigators still must sift through the rubble from the fire to determine if there was a plot to find more evidence of how the fire was started.

Four more candidates for Alderman positions in the April 5 Granite City election had filed nomination petitions with City Clerk Robert Stevens as of today.

He said the lower standard of living of the Japanese steelworkers and subsidies to the steel industry there by the Japanese government have allowed steel to be produced for much less than it can be in the United States.

He said the country must either reduce the standard of living of the Japanese steelworkers or subsidies to the steel industry there by the Japanese government and establish a quota system.

Additional filings in the Granite City race include Robert Strubberg, candidate as alderman of the Fourth Ward; Tommy Ray Taylor, for a two-year term in the Fifth Ward; Paul Ray Bowler, Seventh

and Curtis Blevens, incumbent, for the fifth ward.

Russell Robinson, president of the Metal Trades Stanley Division, announced yesterday that he intends to file nominating petitions as a candidate for Granite City treasurer before the filing deadline today.

Incumbent Treasurer Paul Rutledge is not seeking re-election. Two other candidates already have filed for the treasurer's office.

A total of 28 candidates have filed in the Granite City election since the opening of the filing period in late December.

Eighteen of them have filed for eight aldermannic offices.

Lutheran High School proposal is advanced

A review of a feasibility study of a proposal to construct a Lutheran High School in Granite City was held Feb. 10 at the first executive board meeting of the newly-formed Lutheran High School Association at a meeting at Christ Lutheran Church in Granite City Thursday night.

Representatives of the association which presently is made up of seven Lutheran congregations, agreed to continue to pursue permanent arrangements in a meeting to be held Feb. 9 at Holy Cross Lutheran Church in Collinville. Permanent officers will be elected at that time.

Cochran, who also is chairman of the finance committee, said the seven congregations now in the association will meet with other congregations to invite them to participate in a meeting to be held Feb. 9 at Holy Cross Lutheran Church in Collinville.

Ambulances

(Continued from Page 1)

Service) has looked at it again and it appears such a process would be required before the service will not be able to meet the emergency needs of the city."

Whitmer noted that "just last Saturday" he and others that any decision is delayed to any time to check with other communities of the area to determine the extent of help that might be expected of them in resolving the ambulance service's need for financial help.

Thomas replied that "We did talk about bringing in an entire ambulance unit from another town that seems unfeasible because of the time involved." He said it would be difficult to get township to provide funds.

"Parney said that the idea of establishing a franchise outside Granite City was blocked when he and Thomas talked to Mayor Mike Sasyk of Madison. Sasyk, Parney said, told him "that Madison is prepared to handle its own ambulance service through that city's fire department."

"Madison is out of the picture," Parney said. "On an emergency call, we've been receiving calls from limiting their emergency work. As this progressed, Mercer Mortuary and Ambulance Service continued to serve the needs of this area."

"In 1975, Thomas Ambulance Service began operation just prior to a statement by the other mortuaries that they were discontinuing emergency ambulance services in the Quad-City area. Not long thereafter, the EMT Ambulance Service began operation with two ambulances."

"Unless we can sign by the firm that is insuring the insurance company to pay the ambulance service, the payment is made to the parney," he said.

Alderman Ronald Coleman of the Seventh Ward asked if St. Elizabeth Hospital had been considered as an operator of the area's hospital service.

"Some are interested," Thomas answered.

Following the Thomas announcement, the service definitely will be discontinued, Mayor Paul Schuler told the aldermen.

"We have a new outlook on this matter now. They have set a deadline and it appears that we have choice but to go into the ambulance business."

Saying so far, Thomas if the March 15 date is a firm one.

"I'm afraid it is," Thomas said. "We are sure the city can be equipped by then."

"Thomas has agreed that he planned to notify immediately the mayors of other communities in the area of the decision to discontinue service," Whitmer commented.

He is in opposition to the city going into the ambulance business. "But from what I have heard here tonight, I'm not against it now. Go ahead and I'll help you do it," he said. "It looks now, we'd better save the old nameless fire station to use for an ambulance headquarters."

Alfred Curtis Blewitt of the Fifth Ward asked if there is a right of the city acquiring Thomas' ambulances, but Thomas replied that two of the firm's four ambulances are owned out because of the age and condition, and that the other two would be retained by the firm to handle convalescent cases and hospital transfers.

Albert Gould Parmley of the Sixth Ward suggested that the city seek offers from other private firms or individuals to operate an ambulance service for the city.

Council members decided at the meeting to convene in a closed caucus and recessed to the conference chambers adjoining the mayor's office.

In their discussion there, the aldermen discussed the possibility of negotiations with St. Elizabeth Hospital concerning a joint city-hospital ambulance service. In addition, the council agreed to obtain funds with effort to obtain grant funds for the purchase of four ambulances by the city.

Both of these decisions were affirmed by a motion made by Councilman John P. Schuler, whose members recommended the council chambers. Mayor Schuler was authorized to contact hospital authorities to set up a meeting.

In addition, he presented to council members during Thursday night's meeting, the Thomas firm reported that the cost of operating each ambulance during a one-year period amounted to \$10,000, which \$10,000 was in labor cost, and the remainder in gasoline, depreciation, maintenance, insurance and other costs.

The report said that there are approximately 1,000 ambulances per year in the area of Granite City, Madison, Pontoon Beach, Mitchell, and Nameoki. Venice and Chouteau towns also have limited ambulance service for each year operating ambulances, the cost to man an ambulance for each trip amounted to \$66.96, the figures showed.

School election

(Continued from Page 1)

Quad-City area. The college board election will be held at the same time as the Venus, Madison, and Granite City district elections, using the same polling places. The BAC election will be on separate ballots, however.

Voting will continue through March 15 in all districts, followed by a four-day withdrawal period in which any candidate who has not been elected this year is L. Monroe Worthen, Thomas Miflasky, Steven Saitlich and Norman Hall.

The Alternative Education Program of Coordinated Youth Services, 1254 Niedringhaus Ave., in conjunction with the Granite City Police Department, has been awarded a grant of \$1,944 from the Illinois Law Enforcement Commission (ILEC), effective March 1, 1977.

New services of the Alternative Education Program will benefit from the grant, emphasizing career awareness and vocational training, supported by peer group activities.

Assuming satisfactory

progress

of the project during the award period, the Illinois Law Enforcement Commission

anticipates funding the program for an additional three years.

The funding is dependent on review of the project's accomplishments and the availability of state and federal funds available.

Total funding by the commission for the four-year period would amount to \$201,428.

The Alternative Education

Program is a joint venture

in cooperation with Granite City School District 9, Madison School District 12, Venice

School District 3 and Special Education District-Region I.

ANGELA CLEMENTS IS

HONORED ON HER THIRTY

Mr. and Mrs. David Clements of

Moerland Drive, was honored

by a party for her 11th

birthday. Many characters were

invited.

Party favors were given to

the guests and prizes were won

by all in various games.

Girls attending the afternoon

party were Mrs. Linda Dukup,

Michelle Carner, Linda Dukup, Michelle Dennis, Karen McCracken, Marsha Miller, Lori Richardson, Wendy and Felicia Reinhardt, Penny Strum, Elizabeth Trimmer and Gina Wood.

+++

CELEBRATE BIRTHDAY

The Hills Terrace Birthday

Club will celebrate the

40th birthday of Jackie Penrod

on Friday, Feb. 10.

She will be honored in the

Quad-Cities 40 years.

Jackie Penrod was employed as

an attendant for Hymann-Michaels Co. prior to his retirement.

He is a member of St. Mark's

Roman Catholic Church. Mr. Penrod also belonged to the

Venice-Madison American

Legion Post 207 and the Polish

National Alliance.

He was present in death by

his wife, Mrs. Frances Fabisiak

in 1962 and daughter, Mrs.

Martha Ashford.

Survivors include a nephew

William Fabisiak of Granite

City; a sister-in-law, Mrs.

Christine Petrasch of Madison

and son-in-law, Paul Ashford of Marion.

Funeral services were held

today. Details are given in the

obituary column.

Mrs. Thompson dies at 66

Mrs. Ella Marie (Aubuchon) Thompson, 66, of 120 Rhodes Street, died at 11 p.m. Saturday at St. Elizabeth Hospital, where she had been a patient one week.

She was a member of the City Temple Assembly of God Church.

Her husband, John Thompson, died in September 1966.

Survivors include one son, Alvie Thompson of West Plains, Mo.; six daughters, Mrs. Loren (Juniata) Robinson, Madison,

Mo.; Wayne (Emily) Smith,

Mrs. Alva Sedabres and Mrs.

Edgar (Mabel) Carter, all of

Granite City, Mrs. George (Wilde) Clements of New Hall,

Mo.; Mrs. Richard (Mona) Liddle, Nevado,

Calif.; two brothers, Cletus

and Marvin Wheeler, California;

one sister, Mrs. Zelma

Burns of Livingston, Ill.; and

two grandchildren.

Funeral arrangements are

given in the obituary column.

Legion Post 207 and the Polish

National Alliance.

He was present in death by

his wife, Mrs. Frances Fabisiak

in 1962 and daughter, Mrs.

Martha Ashford.

Survivors include a nephew

William Fabisiak of Granite

City; a sister-in-law, Mrs.

Christine Petrasch of Madison

and son-in-law, Paul Ashford of Marion.

Training here for disabled veterans

Training and Public Service Employment programs for disabled veterans residing in Madison and Bond Counties currently are in operation, according to Jesus Rowland, state employment project representative at the Granite City office of the Illinois State Employment Service.

The programs, operated through the Office of Manpower Development at Edwardsville, are designed to assist disabled veterans get training in a variety of fields by placing them in one of three training centers which offer the best programs.

Some schools presently being utilized are Venice-Lincoln Technical Center, Venice; Lewis and Clark Community College, Godfrey; and Bailey Technical Center, St. Louis.

Programs include data processing, aviation technology and auto-diesel mechanics.

Participation is free to participating disabled veterans, who also will be paid a training allowance of \$92 per week or more, according to the number of dependents, Rowland said.

Minimum allowance usually is \$92 per week, he noted, adding the program also assists veterans to obtain a Veterans Administration training allowance in addition to the base.

Youth basketball is explained to Kiwanians

Youth basketball is designed to let the children have fun in playing basketball while they develop skills, according to Don Rains, program director at the YMCA.

Rains and Paul Grennell, executive director of the "Y," were guests at a Breakfast Kiwanis Club meeting in Charlie's Restaurant.

Youth Basketball Association (YBA), which has been started in four Granite City elementary schools, Lake, Marshall, Wilson

Second intern acquired by GC Park Board

The Granite City Park Board last week approved adding a second Southern Illinois University student-intern to work with supervisor Harold Brown, effective April 1.

Gary Grandifield, an SIUE student, will be the new recreational-park management intern working at the Granite City Park District. Scott Harrison, a student from SUI-Carboplate, has been assigned to the local district since early December.

Subjected to operational effectiveness, the commissioners approved the purchase of a 48-inch snow thrower attachment at a cost of \$688, and to acquire several lots of sporting equipment from the low bid bidder.

Authorization was granted to the American Legion Legionnaire teams to use the park district courts.

The board also hired Jim Hackney as supervisor of the boys' baseball program.

Observers at the session were Michael O'Grady and Manuel Santiago from SUIE. The session was recessed until 5 p.m. Friday at the offices of Board Attorney Randall Robertson when legal matters concerning the April 19 election will be reviewed.

South's 20th triumph stops unbeaten team

Victories in the final two wrestling bouts provided dramatic endings to Saturday, enabling GHS South to post a 26-20 over visiting Cahokia in the Granite City Memorial gymnasium.

It was the powerful Cougars' first loss of the 1976-77 wrestling season. Now with an 18-1 dual meet record, Cahokia jumped out to a narrow lead with a 12-3 decision over Rocky Luperdus (96 pounds) but the Warriors retaliated with two straight bout wins. Wally Deshon (105) won 11-9 and Barry Forshes (112) won 7-5.

Cahokia regained the lead on team points with a 6-1 decision over Randy Basore (119) and South gained the lead once

Peebles, Roberts and freshmen spark SIUE

It took a record-breaking performance by freshman guard Kell Peebles for the SIUE basketball team to turn back a strong Oakland City (Ind.) College club last week at the Edwardsville High Gym. Peebles poured 20 points to top his collegiate high of 30.

Coach Jim Dudley's Cougar cagers won it 80-71, but the game was closer than the score would indicate. Just 14 days ago, the Mighty Oaks of Oakwood had defeated the Cougars, 86-76.

This time the Oaks, behind the shooting of their 6-8 center, Curt Gilstrap, surged to a 40-37 lead after three quarters, threatening to turn the game into a rout. Only Peebles' six-for-14 from the field kept the invaders from blowing the game out of hand.

But Kevin Wilson (185) won 12-2 to put South ahead 21-20 and then with two straight

bout wins, Wally Deshon (105)

won 11-9 and Barry Forshes (112) won 7-5.

Cahokia regained the lead on

team points with a 6-1 decision

over Randy Basore (119) and

South gained the lead once

Dudley, Miller controlled the boards in the final half with 12 rebounds.

The freshmen trio of Bill Branz, Tom Schmidt and Jim Downey showed readiness to play up to their potential. Downey finished with 11 points, hitting five out of six baskets in the stretch drive as the Cougars fought to gain the lead.

Branz claimed in with five points and Schmidt made one. The final two minutes made him look taller than his actual 6-4 height. For the game, Downey and Branz pulled down nine rebounds.

On Wednesday, Dudley's team will return "home" for a return game with the Indiana University-Evansville club. On Jan. 31, playing in Evansville, the Cougars dropped a heart-breaker, 70-71, and will be out for revenge.

The Cougars also will be at home again when the Kansas City Rockhurst College Hawks come calling Saturday night.

Rockhurst and SIUE have played twice before and have split.

GOLF COURSE PRICE

COMING ALLEGED
Illinois Attorney General William J. Scott filed a civil antitrust suit last week in the Cook County Circuit Court charging 22 daily fee golf courses in the Chicago area with conspiring to fix greens fees and golf cart rental fees charged by the public from 1970 through 1976.

The golf courses are members of the Chicagoland Golf Association, a trade group which also was named as a defendant in Scott's suit. The suit followed an eight-month investigation by the attorney general's office, initiated after a number of golfers complained of similar price increases at similar Chicago-area courses.

The clutch play of a trio of freshmen, plus that of an ailing senior Mike Miller, pleased

HIGH-STEPPING STEELER Jerry Barnett (44) shoots a short jump shot as Warrior Terry Angle (54) tries to hit the ball away. Players, from the left, are Dave Rhodes of South, Bob Schneke and Rodney Wortham,

both of North, Angie, Barnett and Jeff Parker (34) and John Slay (30), both of South. North won Saturday's contest 63-45.

(Press-Record Photo)

District high school girls will bowl here

Byland Lanes, 5068 Nameoki Road, will be the site Saturday of a five-school Illinois High School Association girls' bowling tournament, including GHS North and GHS South.

Participating also starting at 9:30 a.m. will be high school teams from Gillespie, Litchfield and O'Fallon.

The school emerging victorious here Saturday will compete along with 32 other state winners to be

winner in Peoria Feb. 11 and 12. Team scores are based on

the four teams with the highest pin count from the opening round will qualify for a final round of bowling. The team emerging with the highest pin count after two rounds earns the right to compete in the state tournament.

For the past two years, GHS North girls have captured district competition to have them fallen to the wayside in the first round of the state meet.

Making their first start as a unit were Peoria's Dave Starkey, Jim Allen, Terry Roberts and Greg Payne. It's true that this season's rash of injuries and sicknesses has forced Dudley to utilize some odd lineups, but this one was the result of a 1976-77

injury.

The combo didn't work and the Cougars found themselves down frequently by as many as 10 points. Only the shooting of Peebles and the play of senior Tom Roberts kept GHS North in the game. Over the first 20 minutes, Roberts, who played the entire 40 minutes of the game, rolled up 10 of his 14 personal pins.

The clutch play of a trio of freshmen, plus that of an ailing senior Mike Miller, pleased

the Nameoki fans.

North five tops South 63-45

A second-half scoring spurt by Steeler Bob Schneke sparked Coach William "Bill" Orlender's GCHS North cagers to a 63-45 victory over GCHS South Saturday night in the Granite City Memorial Gymnasium before a capacity crowd.

The fleet Warriors impressed the big gathering and were ahead midway in the annual contest. The Steelers were almost unstoppable in the final half.

The win marked North High's third consecutive win in the annual clash with the two Granite City rivals following a victory for South in the opener, played in the 1973-74 season.

Players of both teams took to the courts with determination to carry out the orders of banners displayed in the gym, which urged each team to victory — "Sink the Steelers" for South High and "Scalp the Warriors" for North.

The first-half competition provided thrills and anxiety for the fans. The Steelers led 11-9 at the conclusion of the opening quarter and then the Warriors gained a 24-23 halftime lead.

The Steelers came out shooting with deadly accuracy in the third quarter, hitting on nine field goals in 12 attempts to South's two of 12 to lead 44-30 going into the final quarter.

Both teams had trouble in the fourth period by 19-15. Schneke provided 11 points in each of the third and fourth periods.

Overall, North made 22 field goals in 44 attempts and South 15 in 45.

From the foul line, North sank 19 of 31 and South 15 of 27.

The Warriors committed the most fouls, 23-19, and turnovers were 13 to 13 each.

North controlled the boards 31-24 with Jerry Barnett pulling down 11 rebounds and Schneke six. For South, Terry Angle received eight rebounds and Jeff Parker six.

The two teams exchanged baskets throughout the opening period and a goal by South's Tom Henrich with 1:06 left tied the score at 9-9.

It was North on top by sinking two free throws after the quarter-ending buzzer had sounded. He had been fouled while attempting a basket seconds before.

Second-quarter action saw the Steelers dominate at times, with Warfield Greg Feigl snapping the fourth with a field goal to put Coach Don Deterding's South squad ahead 22-20 with 25 seconds remaining before the break.

A charity toss by Rodney Wortham and a field goal by Barnett gave North a 23-22 edge with 15 seconds to go but the Warriors closed the lead with one second left when Henrich went to the free throw stripe and sank two tosses after being fouled while shooting.

Schneke hit a three-quarter basket immediately for a 25-24 North lead and the Warriors failed on eight straight scoring attempts.

It took the Steelers until midway through the quarter to break through the defense and succeed in feeding the ball to players near the basket.

Schneke meshed a shot, followed by baskets by Wortham and Barnett for a 31-24 North lead.

South retaliated on a basket by Angle on a rebound recovery, but North's Barnett added a three-point play, a field goal and charity toss, with 2:52 remaining.

A goal from a free throw by Schneke and a basket by Alan Warfield provided a 39-26 margin for North with 1:12 remaining, and Barnett made it 40-26 with seconds left as he hit one of two free throw opportunities.

Angle made a field goal and Parker scored two free throws to narrow North's lead to 40-30 with 15 seconds left, but a basket by Warfield and a one-target, 25-foot jump shot by Gary Paul put the Steelers farther ahead, 44-30, at the end of the third period.

It was 35-33, 53-45 and 57-39 at start of the fourth quarter.

The Steelers enjoyed a 20-point lead, 60-40, with 1:46 showing on the clock in the final quarter.

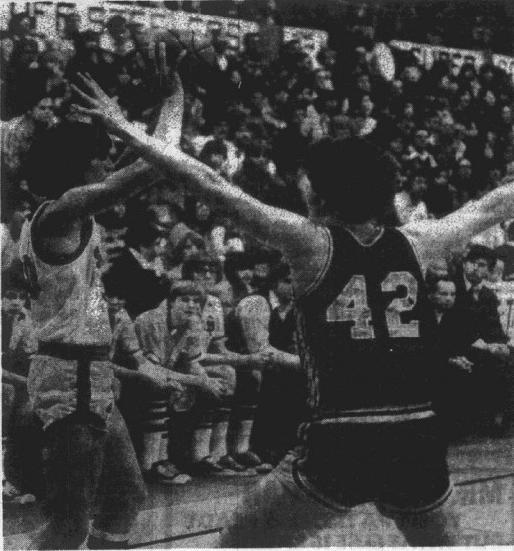

A basket by Angle and a foul shot by Henrich made it 60-43 before Barnett was fouled and made two North charity tosses.

Angle hit again with 35 seconds left and North's Randy McDaniel netted a free throw with 16 seconds remaining to end the scoring.

Steeler fans swarmed onto the court with the game-ending buzzer, embarking the players and coaches in a victory dance.

Schneke topped all scorers with his 22 points, while Barnett tallied 21, Wortham 12, Paul five, Warfield two and Vandegriff one.

North and South with 20 points. Angle totaled 11, Parker six, Feigl four and David Rhodes and Tim Anderson, two each.

WARRIORS ON OFFENSE Saturday night during the 1977 basketball contest between the squads of Granite City North and South. John Slay, at left, of the South Warriors passes the ball back to center court as Steeler Rodney Wortham (42) keeps his eyes on Slay and the ball.

(Press-Record Photo)

FULL-COURT PRESS is utilized by the North defensive squad as Warrior John Slay, far right, is confronted by Jerry Barnett, second from right, of the

North Steelers Saturday night. Top Henrich (12) foreground of South tries to get clear and is closely guarded by Steeler Chris Page, partially hidden.

Canadians impressed with caliber of GC ice hockey

An exchange program initiated this year between

Granite City and a Toronto, Canada, ice hockey league resulted in a Bantam Division team of 13-year-old players competing in the 1977-78 Amatuer team of the Granite City Amateur Ice Hockey Association at Wilson Park with the Canadians losing 4-3, as previously noted. The Toronto team is 10-1.

"We are looking forward to a repeat performance next year with Granite City," added Lutkow, "and next time we won't take the opponent so lightly."

"I am really impressed with the caliber of play being taught here," says Coach Don Lutkow.

He added that he had anticipated the Canadians easily winning the Granite City games.

Lutkow's team, one of six touring the United States in January, is a Member of a Metro Toronto Hockey League which has 100,000 members participating in games held in over 100 covered ice rinks in the Toronto area.

Noting that Canada has long been considered the best ice hockey team in the world, Lutkow believes this is the result of various factors including the presence of third and fourth-generation hockey players.

"Most youngsters skating today are the sons and grandsons of family participants in the sport," said Lutkow.

He said team tryouts for the 1977-78 season will begin in

Green is Shrine potentate

Ralph E. Green was elected the 65th illustrious potentate of the Shrine of the Most Holy Order of Nobles of the Mystic Shrine, Thursday during the annual election held at the Mosque, 609 St. Louis Ave., East St. Louis.

The meeting was preceded by a dinner for the Nobility of the Temple.

Potentate Green succeeds Bob Hardy, also of Belleville, special comment director of Radio Station KMOX of St. Louis. Hardy was elected Alnab recorder for 1977.

Potentate Green is the son of John F. Green Sr. of Belleville. John F. Green Jr. died in 1963. He has a brother, John F. Green, residing in Milwaukee.

The new "illustrious sir" of the Grand Temple lives with his wife and two children at 8 Country Club Place in Belleville.

Mrs. Elizabeth June Green is a teacher at Belleville Township High School East. Her son, Elizabeth Shanti freshman at Washington University. Their son, Ralph Edmonton, is a sophomore at Purdue University.

He served as a vice-president and trust officer of the Illinois State Trust Co., whose office is located in Belleville.

He started with the trust company in 1954, leaving general law practice with Baker, Kayg and Wagner, where he had spent four years.

The Green family attends St. George Episcopal Church, Belleville, which is the potential church as a vestryman. Sunday school superintendent, president of the Men's Club and member of the corps of ushers.

Potentate Green graduated in his Master Mason degree on June 1, 1948, and received his Master Mason degree on Oct. 20, 1949.

He became a Scottish Rite member in October 1962, serving as orator of the Alva M. Perrine class.

He was nominated for the 33rd degree in 1966, being crowned in Pittsburgh in 1967. He served as legal council for the Scottish Rite Bodies, Valley of Alton, for five years and is present junior warden of the John M. Pierson Chapter of Rose Croix.

In November 1962, his petition was granted to Alton Temple for membership. Since that time, he served as chairman of Wills and Requests for more than 10 years, being appointed by Past Potentate Lloyd Turnbough.

He served in the director's staff and in the uniformed units as secretary-treasurer, later becoming the first Almud Divas officer, appointed while president of the uniformed units. He was chosen by Past Potentate McLean to fill the post of outer guard. He served as delegate to the Imperial Council in 1975-76, and will serve in 1977.

Green is a member of Court 86, Royal Order of Jesters.

RALPH E. GREEN

Heart and three battle stars which brought him an honorary discharge with a 30 per cent disability.

The new potentate does not have much time for hobbies, but stamp collecting, gardening and tennis are his interests in that order.

His recreation is also limited, but swimming comes first, with tennis and golf, unless he finds a "good book to lose myself in."

Other interests include chief rabban C.A. "Jack" Dempsey of Granite City; assistant rabban, Richard H. "Dick" Ervay of Granite City; high priest and prophet, Ray H. M. "Dick" Ervay, Past Oriential guide, Donald G. Adams of Granite City; treasurer and past potente, J. William Harrington of Belleville.

Recorder and past potente,

His schooling started at the Belleville grade school, with graduation in 1937. Belleville Township High and Washington University followed, but the latter not until 1945 after his military service.

The potente received a bachelor degree in political science and economics in 1949, and returned for his doctor of juris prudence degree in 1950.

He is a senior vice-president and trust officer of the Illinois State Trust Co., whose office is located in Belleville.

He started with the trust company in 1954, leaving general law practice with Baker, Kayg and Wagner, where he had spent four years.

The Green family attends St. George Episcopal Church, Belleville, which is the potential church as a vestryman. Sunday school superintendent, president of the Men's Club and member of the corps of ushers.

Potentate Green graduated in his Master Mason degree on June 1, 1948, and received his Master Mason degree on Oct. 20, 1949.

He became a Scottish Rite member in October 1962, serving as orator of the Alva M. Perrine class.

He was nominated for the 33rd degree in 1966, being crowned in Pittsburgh in 1967. He served as legal council for the Scottish Rite Bodies, Valley of Alton, for five years and is present junior warden of the John M. Pierson Chapter of Rose Croix.

In November 1962, his petition was granted to Alton Temple for membership. Since that time, he served as chairman of Wills and Requests for more than 10 years, being appointed by Past Potentate Lloyd Turnbough.

He served in the director's staff and in the uniformed units as secretary-treasurer, later becoming the first Almud Divas officer, appointed while president of the uniformed units. He was chosen by Past Potentate McLean to fill the post of outer guard. He served as delegate to the Imperial Council in 1975-76, and will serve in 1977.

Green is a member of Court 86, Royal Order of Jesters.

Rebounding from its lowest level in more than a decade, domestic raw steel production reached 127,943,000 tons in 1976, according to preliminary figures from the Steel Institute (AISI) data announced Friday.

It was an increase of nearly 10 per cent from the previous year's output of 116,642,000 tons.

Raw steel output increased in 1976 despite the fact that an anticipated national capital spending boom failed to materialize.

Potential production also was affected by heavy steel imports which cut sharply into potential markets, particularly toward the end of the year.

In December, domestic mills produced 9,215,000 tons of raw steel — a drop of 279,000 tons from November's 9,494,000 tons.

Of the 1976 production total, 19,800,000 tons of steel came from basic oxygen furnaces, 24,555,000 tons from electric furnaces and 23,470,000 tons

from open hearths. Granite City Steel utilizes basic oxygen furnaces.

During December, BOF's raw steel output of 1,980,000 tons accounted for 1,783,000 tons and open hearths produced 1,424,000 tons.

For the full year of 1976, domestic steel mills operated at 80.8 per cent of capability utilization.

That compares with a capability utilization rate of 76.2 per cent for all of 1975.

During December 1976, the industry's capability utilization was 67.8 per cent.

Trinity, a seven-man touring music company, will appear in concert at Third Baptist Church, 2nd and Madison, at 7:30 p.m. Tuesday.

The group is invited to attend the performance here, which is part of a worldwide concert tour by the professional vocalists and instrumentalists.

Leader and first tenor, Joe Estes of Birmingham, Ala., is a veteran of five tours with another nationally-known group — Trinity.

Trinity's members represent five different states, and all the vocalists are former church staffers.

Johnny Driscoll of New Orleans, La., is a former professional studio vocalist, and

Mike Lawless of Birmingham, who sang four years in his college capella choir, completed Trinity's vocal trio.

Other group members are Mark Campbell, a Missourian who has performed studio sessions in the Kansas City area, plays keyboards, and Sid Hopson of New Mexico, formerly toured with the Continental Singers, is electric bass player.

Drummer-percussionist Rick Schupp of Kansas City previously toured with Truth,

Paula, a native of Michigan, has performed on guitar with various groups and most recently with New Hope and the Continental Orchestra.

Mrs. Pierson presents program

Mrs. Marian Pierson, an newcomer to the West, Day of Prayer will be held on March 1 at Mount Nebo Baptist Church in Madison at a meeting of the Women's Afternoon Circle of Nameoki United Presbyterian Church, last week.

Chairwoman is Mrs. Louise Anderson presided at the session held at the church.

Donations were sent to the Kemmerer Children's Home and the Farmington Home for

children according to Mrs. Louise Harmon, treasurer.

Harmon also read the missionary names for the day and offered prayer on their behalf.

Mrs. Pierson led the study program on the book of Mark following guidelines taken from Lloyd J. Ogilvie's book entitled, "Life Without Limits."

The chairman announced the Feb. 23 meeting will be held in the home of Mrs. Edith Simpson.

Others present were Mesdames Violet Monahan, Joyce Toussaint, Bonnie Brink, Carolyn Stearns and Edith Simpson.

SOMETHING TO SELL? TRY A PRESS-RECORD CLASSIFIED AD

NEW OFFICERS of St. Elizabeth Altar Society who were installed in ceremonies conducted by Mrs. Mary Blankenship, the retiring president. Seated from left to right, Mrs. Mary Evalyne Yencho, president, and Mrs. Jeanne Beatty, treasurer. Standing, Mrs. Pat Hewlett, secretary and Mrs. Pam Ames, vice-president.

Newly elected officers of St. Elizabeth Altar Society were installed in ceremonies conducted by Mrs. Mary Blankenship, the retiring president.

Others present were Mesdames Violet Monahan, Joyce Toussaint, Bonnie Brink, Carolyn Stearns and Edith Simpson.

Chairwoman is Mrs. Louise Anderson presided at the session held last week in the school cafeteria.

Those to serve for the ensuing year are Mrs. Mary Evalyne Yencho, president; Mrs. Pam Ames, vice-president; Mrs. Ida Gragg collected donations for the Salesian Missions in Mongolia.

Winners in the raffle of the month project was Tom Neeth King, who won the Madonna. Mrs. Judy received the evening prize.

After the meeting refreshments were served by the third grade mothers.

Mrs. Yencho opened the business section by leading the group in prayer.

Mrs. Betty Stegelmeyer announced a bake sale will be held on Saturday, Feb. 5 and Sunday, Feb. 6, at the church to aid the pro-life group. She also urged the members present to continue writing their congressmen and representatives on the abortion issue.

Reports of past projects were reviewed by Mrs. Thelma Johnson, Mrs. Charles Johnson, giving at the Colonial Haven Nursing Home, and the student holiday party by Mrs. Sheila Poiter.

Mrs. Romana Lofink defined the financial assistance given, to three families who were

victims of home fires, by the organization.

The schedule of events for the forthcoming year were announced and new committee chairmen appointed by the president.

Members also agreed to aid each classroom with funds for school field trips. Mrs. Ida Gragg collected donations for the Salesian Missions in Mongolia.

Winners in the raffle of the month project was Tom Neeth King, who won the Madonna. Mrs. Judy received the evening prize.

After the meeting refreshments were served by the third grade mothers.

Irene Hackett, 1636 Fifth St., Madison, died Saturday morning at her home, it was learned yesterday. Her house had been burglarized. A color television valued at \$475 was found next to the house. Other items reported taken were a gold antique diamond ring, a lady's gold watch, opal earrings and a coin collection containing half dollars, standing liberty quarters, buffalo nickels and Indian half pennies.

She became ill just before losing control of the car.

CAROL LITTLE, 2215 State St., was taken to Alton Memorial Hospital Saturday after her auto overturned on McAdams Highway near the Godfrey area last week. Her auto left the road, went into a snow accumulation at the side of the road, struck an embankment and rolled over one time, stopping on its roof, according to witnesses. She said she became ill just before losing control of the car.

GC girl makes TV debut—at age 3

While most young ladies dream of someday becoming a model or appearing on television when they grow up, Cari Ann Crawford, a daughter of Mr. and Mrs. Don L. Crawford, 2457 Benton St., is making her debut on the area modeling and television scene at the age of 3.

Any Quad-City area resident watching the 10 o'clock news on FOX-TV this week, may see Cari snuggled in between two elderly adults posing as her grandparents in a commercial representing a savings and loan firm.

Cari began her career at the Patricia Stevens School of Modeling when she was little more than 1 year old, which resulted in her picture appearing on magazine covers and promotion posters advertising Baby Deer Shoes in July 1975.

A pre-school at Granite City's St. Peter Evangelical Lutheran Church, she appeared in a 1975 Famous-Barr anniversary brochure and last year in a national magazine advertising for Boise-Cascade, a firm which manufactures soda cans. Her picture also appears on those containers.

The television commercial required two hours to perfect, though the finished product is actually only one and a half minutes long.

Cari's mother, Cheryl, feels that perhaps personality more than anything else, and ability to follow instructions, has been the key to her daughter's success.

"She isn't any different than most girls her age," Mrs. Crawford said.

"She is learning baton twirling, dancing and ice skating."

But the blonde-haired, blue-eyed Cari has her thoughts trained on the future.

"I'd like to appear on either the Bionic Woman or Charlie's Angels television shows," she said.

AUTO OVERTURNS

STAR OF THE FUTURE? Three-year-old Cari Ann Crawford, daughter of Mr. and Mrs. Don L. Crawford, 2457 Benton St., made her first appearance on television last week while performing in a commercial for a savings and loan company. She is shown here posing for a photo which appears on carbonated soda containers being distributed throughout the midwest.

TROSCOM group convenes

Sixty-five members of

TROSCOM (Troop Support Command) Management Association met last week at Charlie's Restaurant for a dinner meeting and program.

Guest speakers were Colonel Robert E. Gardner, commandant; Colonel Morris Gardner, chief of staff, and Mrs. Gardner.

The guest speaker was Dr. Pete Carich of Granite City, a psychiatrist and marriage counselor.

Dr. Carich has traveled extensively and has taken part in many conferences, workshops and lectures.

He is active in various organizations, including the American Psychological Association and American Association of Marriage and Family Counselors. He is a member of the staff at Memorial Hospital in Belleville.

The association consists of employees of the U.S. Army Troop Support Command, working at 1000 Goodfellow Blvd., St. Louis.

Primary purpose of the association is to provide members an opportunity to learn, discuss and apply usage of new and current management concepts, techniques and philosophy at all levels.

Major Bill Gillam, president, said the monthly dinner meetings are held at various locations throughout the bi-state metropolitan region to accommodate members living in different communities.

DR. PETE CARICH
Dinner Speaker

Other officers of the association are: Irvin Hayek, vice-president; Elsie Elmore, secretary; Shirley Hasse, treasurer and several members, Darlene Boidin, Marie Frost, George Johnson, Colonel Bernard McGee, Bud Northrup, Connie Simms and Diana Wells.

The February meeting will be held jointly with Automated Logistic Command (ALMC) and the NFPE Union locals.

Commerce Women to hear of ESP

Gordon Hoener, investments broker with Stix & Co., Inc., in St. Louis, will be the guest speaker at a dinner meeting of the Women's Division of the Granite City Chamber of Commerce at Charlie's Restaurant in Granite City Thursday, Feb. 10, at 6:30 p.m.

Hoener, whose appearance is being sponsored by Henry D. Karasidoff and the American National Bank of Granite City, will speak on his avocation — psychic investigation.

Hoener is known nationally as a speaker and entertainer in this field.

Locally, he is best known for his New Year's predictions and his investigations of reports of ghosts, haunted houses and other strange phenomena.

Some of Hoener's more notable predictions have included the exact date of the first moon landing, a year before it happened; the date of the Nixon resignation six months before it happened; and the Nixon resignation two years before it happened.

Hoener was predicted in the Press-Record in 1973 that "people will run naked in public places," many thought he was

GORDON HOENER

larking. The "striking" craze hit the following year.

In his program, titled "Adventures in the Unknown," Hoener will present some of his latest predictions.

Hoener will conduct experiments with the audience in order to prove that "everybody has ESP" (extra-sensory perception).

Wilson PTA hears Mayor Schuler

Mayor Paul Schuler and Alderman Earl Baker attended the Wilson School PTA meeting last week to discuss the widening project of Maryville Road.

Parents and teachers expressed concern about the safety of the school children and the pedestrians when crossing the new highway.

Mayor Schuler and Alderman Baker told the group that present plans call for a pedestrian crossing and three phase traffic lights to be activated with push buttons and the red light will not go off until five foot sidewalls on both sides, the guest speakers added.

There are no plans at the present time for a crossing guard, the mayor said. Questions concerning zoning and other traffic lights will be investigated by the mayor and he will send a copy of the results to the PTA president prior to the February meeting, it was noted.

During the business meeting conducted by Mrs. Dorothy Baker, president, the candy sale chairman, Mrs. Louise Moad, announced the fund raising project opened on Friday and will continue for two weeks.

Order folders were sent home with the students and Mrs. Moad explained the proceeds from the sale will be used for budget expenses.

Mrs. Diane Detwiler reported that 340 yearbook orders have been accepted and the committee plans to dedicate the books to Tom MacKey, a late student at Wilson School who died Christmas day. Delivery of the yearbooks will be in May, she added.

Medillums Olivia Parrish, Marie Powell and Alice Mills were elected to serve on the nominating committee and to present a slate of officers for election at the 15th meeting of the PTA on Feb. 12.

Boy Scout members will be at the meeting in recognition of Boy Scout month. PTA members agreed to renew the charter for Pack 122, which is sponsored by the school organization.

Mrs. Baker said representatives both pro and con for the ERA amendment will discuss their views on the subject as it pertains to women's rights during the February meeting.

The executive board will meet at 7 p.m. on Tuesday, the president added.

ADMITTED AT HOSPITAL Boyd McGahey, 41, of 2201 W. 10th, was admitted to St. Elizabeth Hospital last week following an auto accident. He suffered a bump on the head. He was x-rayed and admitted for observation.

GC ambulance plan detailed

Under a plan by Granite City to operate emergency ambulance service as a replacement for present service, which will be discontinued in mid-March, the city would operate four ambulances out of Fire Stations No. 1 and No. 3 and would provide mutual-aid "back-up" services for stations located adjacent to the city, according to details of the program released in a special City Council meeting Thursday night.

The detailed program is

outlined in an application for a \$55,000 grant filed with the Illinois Department of Public Health. In addition, Granite City would pay local share of \$24,000, providing a total of \$80,000 with which to buy the four ambulances and equipment necessary to establish a municipal ambulance service.

Medical capability — Granite City is serviced by a 420-bed acute care hospital, Dr. Joseph Parente, Granite City fire chief, and by Mayor Paul Schuler, to meet the loss of other services that have been moved primarily by Thomas Ambulance Service.

Thomas, president of the Thomas Ambulance Service, notified the City Council

Thursday night that the firm will own its own ambulance services on March 15.

Detailed data of the grant application prepared by Parente is as follows:

"Existence needs — Granite City has a population of 42,000 with 22% infant mortality rate. We have two nursing homes. Many of our residents have out-of-town jobs which create a lot of commuter traffic. We have 26 schools in our city and 63 school buses running daily."

"Injury death ratio — In 1974-1975, in 1975-1976, and in 1976-1977."

"Shopping centers — We

currently have four large shopping centers with approximately 3,500 parking spaces. These shopping centers serve the communities of Poston Beach and Mittens Point, Poston Beach and Mittens Point, and the combined population of about 80,000 residents.

"Medical proximity — Granite City is surrounded by towns and there is no way residents can enter or leave the city without crossing railroad tracks. Antwerp runs three miles east to Chicago each day. On State Highway 200, for example, nine tracks cross the highway in a 300-foot stretch.

"Consolidated school districts — We have 15,721 students attending our 26 public and private schools. All are serviced by 63 school buses operating on our streets each weekday morning and afternoon."

"Interstate accesses — Residents and out-of-town shoppers drive through our city to get to Interstate highways I-55, I-270 and I-70 have interchange which serve Metro East population utilizing these interchanges.

"Service area boundaries — We agree to provide mutual aid and back up ambulance service to neighboring areas in order to protect our respective people. Thomas Ambulance Service protects all communities adjacent to Granite City."

"Financial resources — We

intend to operate ambulance service from two of our three fire stations. They will be manned by two emergency medical technicians who are either certified or training as ambulance attendants. General revenue funding and ambulance service fees will be provided to provide this protection.

"Agreement of cooperation and coordination with neighboring communities — Mutual aid.

Thomas Ambulance Service

protects all the communities adjacent to Granite City.

"Design and equipment standards — The ambulance service provided by the Granite City Fire Department will adhere to the recommendations of the Illinois and United States Departments of Transportation, The American Academy of Orthopaedic Surgeons and the American College of Surgeons.

"Support of Emergency Medical Services — Granite City Fire Department and will continue to cooperate with the Emergency Medical Service Plan Development and Operation in conjunction with the River Four Area Hospital Emergency Service Committee.

"Number of accidents during past three years — The Granite City Police Department reports

motor vehicle accidents in Granite City to be as follows:

"1974-5 fatal accidents, 459 personal injury accidents and 579 property injuries. 1975-6 fatal accidents, 500 personal accidents and 600 persons injured; 1976-7 fatal accidents, 437 injury accidents and 622 persons injured; projected for 1977-8 fatal accidents, 411 personal injury accidents and 640 persons injured.

"Thus, we project 1977 to bring almost two injured motor vehicle accident victims per day at 15 per cent. We expect 1,300 motor vehicle accidents serious enough to be reported.

"Number of injuries during past three years — 1,804 within our city limits expected by our Police Department as due to motor vehicle operation.

"Inventory of existing vehicles — We have none at this time. Thomas Ambulance Service has two vehicles.

"Backup equipment — By central dispatch through our Fire Department, backup equipment from either of our two locations can be provided to any individual scene or project our service area where our vehicles are making a response.

"Objectives of project — To provide the best possible emergency ambulance service to the community and to provide for first-rate equipment shortened response time, and trained personnel. In this way we plan to minimize permanent injuries and sequelae. We will measure our efforts against the objective analysis of emergency room physicians at St. Elizabeth's Hospital on a prior service and post service assessment basis.

"1. Staffing of vehicles and personnel — We will staff each vehicle with two EMTs.

"2. Location of vehicle in relationship to response area — Vehicles will be kept at No. 1 station, 2300 Madison Ave. and No. 3 station, 2219 Richmond Ave.

"3. Method of dispatching — We will use Fire Department dispatching. The service will be integral to our professional Fire Department.

"4. Mutual aid agreements — We agree to provide mutual aid and backup ambulance services to neighboring areas in order to protect our respective people. Thomas Ambulance Service protects all communities adjacent to Granite City.

"5. Equipment sharing arrangements — St. Elizabeth's Hospital will cooperate in restocking and replacement of non-consumable items.

"6. Non-emergency service provisions — Our service will be emergency ambulance service to private entrepreneurs will provide non-emergency service. Our service will allow private operators to do this effectively and economically.

"7. Number of secondary vehicles available — All four vehicles will be primary response, but through Fire Department alert and communications capability we will

be able to bring one of our vehicles to bear as secondary or backup at any time.

"8. Maintenance of vehicles — Vehicles will be maintained at fire station and services as other emergency vehicles in our department.

"9. Communication capabilities — The ambulance will be equipped with Olin Police Department phone and radio equipment available. MERCY radios will be in each unit in order to communicate with area hospitals as well as with our own dispatcher.

"10. Emergency vehicles — Call received at fire station.

"0901 — Ambulance departs fire station.

"0905 — Ambulance arrives on scene (time expected to be from 30 seconds to 5 minutes).

"Patients treated, stabilized and unloaded.

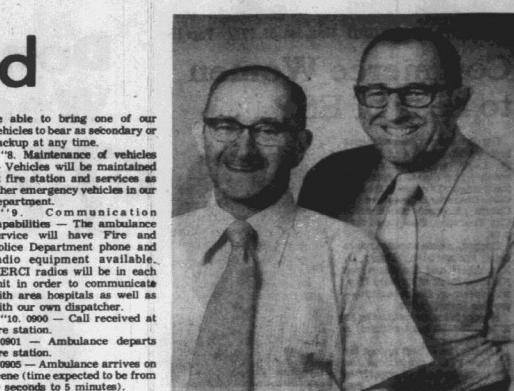

"Ambulance departs scene.

"Ambulance arrives at hospital and radios that it is available for dispatch.

"11. Other agencies involved in project — St. Elizabeth's Hospital for advice and consultation.

"12. Professional and technical personnel — Joseph D. Parente, chief, Granite City Fire Department and John Santore, regional EMS coordinator, Illinois Department of Public Health.

"13. Project evaluation — We will secure continuing and periodic evaluations from the emergency department and head nurse of St. Elizabeth's Hospital. Evaluation reports, when requested, will be provided in conjunction with the aforementioned personnel.

TWIN BROTHERS RETIRE. Brothers from Granite City have retired from employment at Olin Corporation's East Alton Olin Works. They are Raymond L. (left) and Roland J. Hoekstra (right). Raymond, 2444A Cleveland Blvd., was employed at the Olin Works nearly 22 years. He worked in the Metallic Loading Department of Olin's Winchester-Western Ammunition Operations at the time of his retirement. Roland, who resides at 1609 Bremen Ave., was employed by the company for nearly 27 years. He worked in the Fabricating Department of the Olin Brass Group.

Movie portrays Saturday night at 'Fort Apache'

"Saturday Night at Fort Apache" sounds like a Western that should star John Wayne, but the Madison-Venice Rotary Club found out differently at its meeting last week in the Madison Recreation Center.

The film was a "horse of a different color."

"Fort Apache" is the slang name of a section of New York City, the 41st Precinct, with one of the highest crime rates in the country.

Strange reminded the members to adjust their work schedules on Wednesday, Feb. 8, so they could help at the club's chili day. The chili will be held at the Madison Recreation Center, Seventh and Lee Streets. Chili, dessert and drinks will be served between 11:30 a.m. and 1:30 p.m. and again from 4:30 p.m. until 6:30 p.m.

Strange asked club members to be at the center 30 minutes before each serving period and remain 30 minutes after the close of each period.

Study solar energy use

The Office of Conferences and Institutes at Southern Illinois University at Edwardsville will offer a workshop in solar energy applications.

The workshop will meet Tuesdays from 7 until 9 p.m. in Room 303 of the Peck Classroom Building, Feb. 15 through March 15. Instructor will be Paul Kokoropoulos, assistant professor of engineering technology.

Registration will be \$10. The course will examine practical approaches to utilization of solar energy in heating small buildings such as houses, garages, barns and swimming pools. Emphasis will be placed on retrofitting existing buildings and on "do-it-yourself" techniques.

Topics to be discussed also include: methods of construction, installation of solar collectors, storage devices, components and sizes needed for collectors, and costs of building and maintaining solar energy systems.

Arrest on warrant

Carl Womack, 21, of 2320 Iowa St., was arrested at his home by Granite City police Thursday on a warrant from the Times Beach Mo. police department alleging assault with intent to kill.

At 4:30 p.m. Thursday, Womack appeared in court in Granite City and agreed to waive extradition proceedings. He was released to St. Louis County officials at 5:22 p.m. Thursday and was taken to Missouri.

GENERAL REVENUE SHARING

General Steel stock dividend

Net income of General Steel Industries, Inc. increased to \$5,117,000, or \$2.03 per share of common stock, in 1976 from \$4,765,000, or \$1.95 per share in 1975. This was announced Friday by W. Ashley Gray Jr., chairman and chief executive officer, and James A. Van Sant, president and chief operating officer. Net sales and net revenues totaled \$60,458,000 in 1976 compared with \$60,851,000 the prior year.

The income statement for 1976 also included a tax credit representing partial realization of the company's tax loss carryforwards; 1976 income before the tax credit totaled \$2,568,000, or \$1.02 per share, compared with \$2,409,000 or \$1.00 per share in 1975. As previously reported, GSI's 1975 net income included a nonrecurring seven-cent per share gain (13 cents after extraordinary tax credit) from sale of the company's interest in a joint venture in Europe.

Gray and Van Sant cited "continued effects of the recession on the industrial market" as served the company, but noted that interest expenses were again significantly reduced with repayment of \$5,315,000 of outstanding debt in 1976. In addition, manufacturing profit margins remained level overall in the face of intensive competition for a relatively static volume of business, which involved energy and labor costs. The management of manufacturing divisions conducted strict cost control programs."

For 1976, net income of \$1,254,000, or 50 cents per share of common stock, on net sales and other revenues of \$14,155,000. In the same period net income was \$1,856,000, or 74 cents per share, on sales of \$15,157,000.

It was pointed out that the industry's operations in 1976, which had ended were not back sharply, while fourth-quarter 1975 results reflected an unusually high level of roll orders from basic steel.

Backlog of orders for GSI's five manufacturing divisions was \$16,176,000 at Dec. 31, 1976, compared with \$18,854,000 a year earlier.

It was also reported that the issues in an arbitration proceeding between employees of the former Castings Division in Granite City have been decided in favor of the company with the exception of an issue over severance pay.

Similar issues in an arbitration proceeding affecting former employees of the St. Louis Car Division were previously decided in the company's favor.

Other disputes arising as a result of the closing of the two plants in December 1972 remain unresolved.

The management said it believes the reserve for estimated loss from the discontinued operations is adequate.

In further announcement,

Gray and Van Sant said the Board of Directors of General Steel Industries, Inc., meeting Jan. 26, declared a five cent per cent stock dividend, payable March

4 to shareholders of record Feb. 8.

They said the dividend action "was taken in view of the company's improved earnings and the overall strengthening of its financial position. The board recognized GSI has made a strong recovery over the last four years."

The board determined that stock dividend action at this time was appropriate in view of the restrictions regarding cash dividends in the present loan agreement, which is consistent with GSI's financial needs and the directors' confidence in the future of the company."

GSI will charge an amount equal to fair market value of the dividend shares to the accumulated earnings of the company, with offsetting credits to the paid-in capital accounts. This will increase the account balance by the amount so credited. As of Dec. 31, the deficit was \$3,093,000, compared with \$8,210,000 a year earlier.

The diversified manufacturing company serves the United States and Canada, providing goods and services to producers of basic raw materials and a range of other industries. GSI operating units are: Louisville-Saint Paul Wire Cloth, Toledo-O. L. White Pipe Protection and GSI Engineering, all headquartered in the St. Louis area; National Roll, near Pittsburgh; and the Simplicity Engineering Co., a subsidiary at Durand, Mich.

CARL MARR

Carl Marr heads NAACP committee

Carl Marr, 1028 Third St., Venice, was appointed Thursday evening as chairman of the local chapter of the committee of the Madison Branch of the National Association for the Advancement of Colored People (NAACP).

Henry Williams, president of the Madison Branch, made the appointment.

Marr is an employee of the Illinois Bell Telephone Co., working in the personnel office at East St. Louis.

He has worked as a counselor for the Metro-East Labor Council, an employment consultant for a private agency, and as a member of veterans' employment representative of the State of Illinois.

A graduate of Madison High School, he holds a bachelor's degree in business administration from Southern Illinois University at Edwardsville.

Marr is an Army veteran and served a year in Vietnam.

Price lone chairman from state

Illinoisans serve on 16 of the 22 U.S. House standing committees and hold one chairmanship, Cong. Melvin Price of this district being re-elected as head of the Armed Services Committee.

Cong. Paul Simon of Carbondale has moved from the Post Office and Civil Service Committee to the Budget Committee. Both are Democrats.

Sen. Charles Percy remains on the Foreign Relations Committee and Government Operations Committee and on the latter is the ranking Republican.

The Windy City's sole

representative, Rep. Otis Skilling's "I Am Thankful to Be An American" highlighted with patriotic slant, was shown throughout the nation.

The group also sang "Only Yesterday" written by the Carpenters, "Would You Believe?" by Tim Sheppard and Bill Gaither's "Because I Love You."

Charity, a girls ensemble

from the church, performed

songs on Friday for the employees of the Granite City Army Installation.

Their selections included "I Wish You All Could Know Him" by Phil Johnson,

Rev. Robert Stevenson, of the First United Presbyterian Church, held a service at the church following the opening ceremony performed by members of Den 1.

The annual rocket derby of Cub Pack 8, sponsored by the First United Presbyterian Church, continues on Saturday at the church following the opening ceremony performed by members of Den 1.

First place winner was Ricky Johnson, second place Christopher Sinde and third place Danny Hull. Hull serving as judges were Irl Pabst, Paul Singh, John DeCourcey, Ned Freeman and Tim Britt.

Grandma's Own, Orville Martin presented two-year pins to Webelos Leader, Leonard Bassoo and Tim Pabst and a two year pin to Mrs. Anna Ramsey, den leader.

Prizes were presented by the mothers of Den Two and closing prayer was read by Mrs. Irene Martin, assistant den leader.

Graduate achievements were served by the mothers of Den Two and closing prayer was read by Mrs. Irene Martin, assistant den leader.

Graduate study stipend offer

Economically disadvantaged minority individuals who are residents of the St. Louis metropolitan area are eligible to apply for special graduate awards provided by the SIEGE Graduate School.

David G. Brown, assistant dean, said higher priority will be given to residents of the Illinois section. The awards are \$1,000 each, stipends \$250 per month and students are eligible for summer vacation tuition for the academic year.

"The intent is to encourage further training for individuals who, because of their financial or educational status, would not normally continue their education beyond the baccalaureate level," Brown explained.

Comment and analysis

Building program will enhance, expand hospital services

St. Elizabeth Hospital's announcement of an \$18 million expansion program reflects favorably on the vitality of the local hospital and on the prospects of the this community and region.

It asserts confidence in what the future will bring in this portion of Madison County. It also reflects confidence in the effectiveness and scope of the equipment and services that are being provided.

Bed capacity is to rise from 421 to 471, with particular emphasis on psychiatric services, a field receiving major state emphasis. Enlarged space is to be built for medical records, the medical library, physicians' lounge, dietary services, radiology, outpatient area, power plant

laboratory facilities, the lobby, business office and coffee and gift shop.

Already the second largest hospital in Madison-St. Clair Counties, the areswide trauma center situated here has grown to a size that makes it feasible to secure sophisticated machinery and procedures unavailable in smaller hospitals. Its 24-hours-a-day physician coverage for emergency cases and 24-hour social services are of value to the Quad-Cities and surrounding area.

St. Elizabeth Hospital is an essential element of daily life in this region. The newest major expansion will make it better able to continue and broaden its many health services.

Area challenged to immediately develop an ambulance plan

The Thomas Ambulance Service's decision Thursday to halt most emergency ambulance calls March 15 means that the Quad-City area will be forced to seek almost an "instant" alternative.

Six weeks remain, and an ambulance order must be placed within six weeks. An application for state funds to purchase ambulances was filed by the City of Granite City as a precautionary measure Jan. 19. But purchase-maintenance-salary financing has not yet been arranged, nor is the problem limited to Granite City.

Madison city officials are said to be studying ways of providing ambulance services through their volunteer fire department, and the Granite City fund application for state funds to purchase ambulances was filed at the 2300 Madison Ave. and 2219 Richmond Ave. fire stations.

The Granite City proposal calls for advice and cooperation from St. Elizabeth

Hospital, consultation with the Illinois Department of Public Health, and utilization of emergency medical technicians on all emergency ambulances.

Figures provided by Thomas show "red ink" due to vehicle maintenance costs and due to difficulties in collecting payment. Based on this experience, it can be projected that municipal costs might far exceed ambulance revenue, not only initially but permanently.

Such funds are unbudgeted at this time, and there is some speculation that taxation for ambulance services might require a referendum. The city commissioners of the Long Lake district and other fire districts might be persuaded to establish an ambulance service for the large unincorporated sector of the Quad-Cities.

Orchestration of a total answer by March 15 must be attempted but poses a considerable challenge. The issue is one of high priority for all Quad-Citians.

Village at State Park Place is a long-term commitment

Comment by Collinsville Herald—A movement to form a new village in the State Park area under the name "Ponderosa" prompts us to inform the residents of the area who weren't in the neighborhood 20 years ago, that it isn't the first such effort.

In February 1956, voters went to the polls and defeated a proposed incorporation of territory north of the county line to a block east of Fairmount Race Track by a vote of 387-194. Attorney Gilbert Rosch represented the petitioners. The Community Association very active at that time, was behind it.

The proposition suffered from rumors, one of which was that a man who wasn't among the original sponsors was set to be mayor.

It suffered more from announcement as election day drew near that Fairmount Race Track, which would have been by far the largest taxpayer, had every intention of withdrawing.

There was a fairly easy means of doing that within the first year.

Taxes entered the picture. Some people feared the new village would lack the taxing power to operate the services required.

The assessed value in those days was estimated around \$1,500,000, which would have brought a tax of \$5,000 at the maximum rate of 33 cents per hundred. Other sources of income would have been motor fuel tax refunds and one-half of the road and bridge tax.

Today, many basic facts are different. Fairmount Race Track is now part of Collinsville. It won't be taxed and it won't require the village services, a minus and a plus to the village budget.

There are more businesses now, and city sales tax on them would bring in some income, painlessly.

Inflation has ballooned the cost of operating anything.

In general, we encourage unorganized developments to organize. There are problems of living together that need incorporation.

It is vital that they recognize the resources they would have, the needs to be served, and the cost of providing those services.

A new village is not like a 1977 marriage, to be short memory by going down to the judge if it doesn't work out, a new village should be entered only with all the information in the hands of the voters.

This will enable St. Louis to move ahead with the sale of \$11,000,000 in bonds for im-

McBride has improved conditions for workers

To the Editor:

On Tuesday, Feb. 8, 1977, ever since the merger of the United Steelworkers of America will have the opportunity to cast his ballot for president of the International Union, as well as two vice presidents, a secretary and a treasurer.

I cast my ballot for Lloyd McBride, and the team of

McBride, was the staff representative assigned to that local union.

I saw first-hand what he did for us in job evaluations, security clearances, seniority and many other provisions that affected the working conditions that I, and thousands of others, worked under. Through his efforts our working conditions were greatly improved.

I have seen the contracts at Granite City Steel Company negotiated under McBride's leadership. They are contracts which provide benefits and conditions over and above those in the basic steel industry.

McBride has experience in basic steel as well as in steel

fabrication. His career started by working in a fabrication shop in St. Louis. He is presently the negotiating chairman of the Armco Steel negotiations, which get under way next month.

Yes, McBride is a dedicated unionist. He recently had a gathering of steelworkers, "I am trying to conduct myself in such a manner so as not to discredit the union. That means being honest, and making decisions based on logic," he said.

McBride said he was persuaded to run for the top office in the best interest of the union. "I have seen the unionism of the members nothing. I acknowledge my indebtedness to the union and its membership," McBride said.

He further stated that this was the reason he is running for the presidency.

In describing himself, McBride says he is "a union guy, not a politician." He has been a member of the DFL for 10 years and is in good hands under the leadership of Buddy Davis. Let us continue having our International moving forward under the leadership of Lloyd McBride and his team.

Some veterans in need of help and friendship

To the Editor:

My sincere thanks to the Press-Record, the Department of Veterans Affairs and the American Legion for their kindness in trying to secure help for a veteran and member of the Disabled American Veterans.

To the spokesman of the local DAV, I want to thank you. DAV took this matter one time to the doctor at Barnes Hospital. I have the dates of doctor bills, taxi service bills, and lost vacation days of employment to prove I was the one who took him each of the other times.

This veteran was not asking for money. He was asking for a friendly handshake, a strong arm to steady his gait—a short visit; a telephone call, almost

anything to break the lonesome monotony of two years of time.

Mr. Due and Mr. White is our dear wife! Fellowships! All these things this Veteran thought the DAV stood for?

This is what he gave all his time for previous to his illness. Where is the service officer? Chaplain?

Where are our hearts? What do we have? What is DAV Club for? I thought it was to aid a fellow comrade.

Any one wanting to question this letter can call me. I'm in the phone book and I answer my calls. I don't respond with "I'm not here."

This is my answer to a previous item in the Press by a DAV spokesman.

MRS. NORMA J. DARRELL
2711 Center St. St.

Better air service is on the horizon

Post-Dispatch comment—A number of developments over the past few days augur well for improving the quality of commercial air service for residents of the St. Louis area.

Of them should help Lambert Field a more efficient and attractive base of operations while that facility remains the hub of air travel for the metropolitan area.

The third is an important step toward the construction of a large, modern field at Columbia-Waterloo, Ill., which will provide alternate service for this region for the foreseeable future.

Chief among the developments that will benefit Lambert is the agreement between the city and the state to relocate the airlines to extend the latter's leases there until 1995.

This will enable St. Louis to move ahead with the sale of

improvements at the airport, which desperately needs improved baggage claim facilities as well as the enlargement of lobay areas and modifications in aircraft parking and taxiing spaces.

The extended lease, however, will not bind the airlines to Lambert until 1995. If negotiations are not completed by Columbus-Minneapolis before that date—and there are reasons to seriously doubt that the transfer can take place before 1992—the airlines could be free to start using the new field.

The carriers in any case would be obliged to continue paying off the outstanding bonds, as indeed they are doing in an analogous arrangement involving Milwaukee and O'Hare Airports in Chicago. At any rate, St. Louis would not be stuck with the bill.

The Department of Transportation is proposing the Illinois site specifically requires that airport's authority to "assume any outstanding debt obligations for Lambert improvement..."

The second and lesser development that should help Lambert is the disclosure that the Federal Aviation Administration is considering a plan that would require the agency to move 500 other airports to prepare noise abatement programs to be put into effect over the next five years.

But even if such a program can be devised—and there are technical limitations as to how much an airport can do—it would not affect the case for putting the new airport in Illinois.

An airport in rural Illinois would present less of a noise problem, but noise is rather far down the list of reasons for relocation, chief among which is the fact that Lambert would be expected to handle the airline volume of the future.

Missouri opponents of the Illinois site are now waving a report to the Department of Transportation in an attempt to prove the contrary. The report suggests new facilities here and in two other cities might be unnecessary if operational changes were made and private aviation moved out.

But transportation officials say this study only extends to 1990, whereas the new Illinois

airport would not go into operation until 1992. By that time it will be needed.

In any event, auspicious development for the region is the allocation by federal officials of \$100,000 to acquire 18,650 acres that will be used as a park for the Columbia-Waterloo airport.

Even if the city of Waterloo would agree to fly its inconvenient traffic no so as to spread out the traffic at the airport, would the airlines—

Rights of men also will be guarded

To the Editor:

What would have thought on that cold day in March 1797 that such a to-do would be brought up by a proposal to amend the Right Amendment? Surely not the 92nd Congress, I'm sure.

How do these myths about such a simple, very explicit amendment start?

No child caught repeating the words of the amendment should have fear. No child caught repeating the words of the amendment should have fear.

No child caught repeating the words of the amendment should have fear.

women will qualify for equal benefits at the same age, and widowers will receive spouse's benefits the way widows do now.

Sex crime — Rape laws will not be abolished.

The second article does speak loud and clear, just as it has for 20 years. Where would we be if there was fear of more federal power forced down our throats, a fear of loss of freedom during those Civil War days?

How would we feel if we ratified an amendment that abolished slavery, or gave all races the right to vote, and finally gave both sexes the right to vote?

More federal power forced down our throats, you say? I thank the Lord for it.

And, finally, Section III. It seems two years is not a bad year to pay for full equality under law.

But readers don't take my word for it. Go to the experts in constitutional law who have thoroughly studied the ERA.

When Lou and others on the County Sewer Committee introduced the most sensible and economic sewer program in this area, he created political opposition from Ruth Andrews (their constituent).

The Friends of Action Party is made up of dedicated public servants, men and women who have already displayed their outstanding abilities.

Whitsell has knowledge of the county government and more dedication than anyone in the whole area.

Frank Melheis has proven his dedication by serving as precinct committeeman for 16 years.

Loren Madison, Louis Zeff and Freida Ballew are qualified through experience.

Kenneth and Andy Beerman and Helen Hawkins are highly-respected, experienced and capable men and women from all parts of Nameoki Township.

We are confident that the people know what is going on and know who will tell it like it is.

TERRELL E. NICHOLS
2132 Miracle Ave.

"Pardon, heck. This is a disgrace to the American people as well as to the office of the United States President."

"In closing, I say this to you, Mr. President: To you, America, right or wrong, we belong. We stand by you."

"Now, this—your pardon. This is a shame to every true American who ever fought for her, especially those who have died in defense."

"Does your pardon in any way mean that you still care about these Americans, dead or alive?"

ever now highly competitive as to routes and schedules—go along? We don't.

In any event, an auspicious development for the region is the allocation by federal officials of \$100,000 to acquire 18,650 acres that will be used as a park for the Columbia-Waterloo airport.

To be sure, this is a modest step, but what provides it with a significance beyond either the

small figure or the number of acres involved is the fact that it is first federal money to be authorized for anything beyond planning.

With this grant, the government's commitment to the Illinois site has grown more. A modern airport is essential for the economic health of the region, that commitment is more welcome.

GOOD INVESTMENT. 10.5 acres including a 4.5 fishing lake, 30 camping sites with electric and water hookups, bait house, service building with showers and restrooms. Also a large attractive 6 room brick home with 3 bedrooms, attached garage and full basement. Shown by appointment only. Near Granite City.

"HIDEAWAY" RECREATION This brick ranch is so picturesque you must see it to believe it! Luxuriously carpeted, living room is enhanced by an open hearth. Beautiful built-in kitchen, 2½ baths, 3 bedrooms, basement has family room with 3 more extra bedrooms. Jalousied sunroom. Attached 2 car garage. Picnic area with a summer brick house. All this on 1¾ acre. Mitchell area. Price \$39,500.

THE "SECRET" RECREATION See this 5 room home situated on a double lot. Country kitchen, dining room, fenced yard and central air. Call today for apppt.

LARGE 3 BEDROOM. With two car garage, central air conditioning, gas heat, ceramic tile bath, wall to wall carpeting throughout. Priced at \$25,000. Shown by appointment.

WITH PRIDE. We offer this extra nice 7 room, 1½ story home. "For Sale." Has that warm personal cared for look inside and out. Used as a 1 or 2 family, 2 baths, ideal for the conservative family that plants carefully. For those who have the time, the care, the dollars, this spacious home is a "special find." Low taxes and close in convenience add greatly to the value. See 2252 Lee today.

HIGH ON THE BLUFFS. Close to Hwy. 157. A beautiful lot 100' x 160', in a beautiful wooded area. Perfect for that new home. Land is scarce. Hurry, only \$7,900.

TWO BEDROOM BRICK. Full basement, living room, dining room, basement is partially finished. 1918 Grand. Priced at just \$16,500.

YOU'LL LIKE THIS ONE. Located at 2865 Iowa, a nice two bedroom with living and dining room, kitchen just remodeled, fenced yard. Only \$16,900. Call us.

Card of Thanks 32

The Family of
PAUL "STACK" PRATER
wishes to thank all their friends
and all former neighbors of
Warren Street, Granite City
for all their love and kindness
showing the respect worth
of Paul. Your love and understanding
will never be forgotten. Special thanks to
Rev. Eugene Maritt of Good
Shepherd Methodist Church.

With Rosemary
Sons, Paul and Bill
and Their Families

32 1 31

The Stepmom of
CATHERINE M. KONVICKA
wishes to express his deep
gratitude to the friends and
neighbors for their kindness and
spiritual gifts. The pallbearers
from the Granite City Eagles
Lodge. Also thanks to those who
assisted me during times of my
bereavement while I was in
Granite City. Your kindness will
never be forgotten.

The Stepmom of
Catherine M. Konvicka

In Memoriam 33

In Memory of
JAMES S. ST. CLAIR SR.
who passed away
January 31, 1975

He bid no one a last farewell,
He just closed his eyes.
He was gone before we knew it,
And we were left alone.
Our hearts ache with sadness,
Our eyes shed many a tear.
Only God knows how we miss
him and

With throughout the years.
Sadly missed by
All Who Loved Him

In Loving Memory of
DAVID R. RAUB
who died
January 29, 1964
Memories are treasures no one can
steal,
Death is a heartbreak no one can
heal.
Some may forget you, now you
are gone,
But we will remember, no
matter how long.

Petitioners
vs.
ROBIN LEADY, KEVIN
DODSON & MCKENZIE ANN
MINOR
Defendants

No. 77-F-51

PUBLICATION
ADOPTION NOTICE

The requisite affidavit for
publication having been filed,
notice is hereby given to you, ALL WHOM IT
MAY CONCERN and to whom
it may concern, that on the 25th
day of January A.D. 1977,
GARY N. KRUSE & PATRICIA
ANN KRUSE filed a petition in
the office of the Clerk of the
Circuit Court of Madison
County, Illinois for the adoption
of a child named MCKENZIE
ANN LEADY that summons
was duly issued, returnable
according to law, and that said
petition is pending.

Now unless you, KEVIN
DODSON the said Defendant,
file your answer, or otherwise
make your appearance in said
cause, held at the office of the
Circuit Court of Madison, Illinois,
on the 25th day of January A.D. 1977,
default may be entered and a
decree of adoption entered in
accordance with the prayer of
said petition.

NOW UNLESS YOU, KEVIN
DODSON the said Defendant,
file your answer, or otherwise
make your appearance in said
cause, held at the office of the
Circuit Court of Madison, Illinois,
on the 25th day of January A.D. 1977,
default may be entered and a
decree of adoption entered in
accordance with the prayer of
said petition.

NAURA HAYDEN

Bundle of energy shares her secret

By DON FREEMAN
Press-Record
Holly Springs Bureau

hard cover and has registered
more than 200,000 sales as a
paperback.

Her latest work was listed in
Publisher's Weekly, an authoritative
book of lists of an

"...connection robes us of our
energy. Sugar, coffee, booze,
junk foods, cigarettes — they all
bring on tension and that brings
on what I call the human energy
crisis, which is the most important
thing in our life," she says.

As she articulates the
foresight of the foregoing, Naura
Hayden has breezed through
her book, which is the second in
a series of four books she has
written to promote her book and her diet
and she talked about celebrities
and the various health regimens
they follow.

In assembling material for
her book, she talked to a
number of them.

"Did you know that Walter
Cronkite plays tennis several
times a week?" she says. "And he
does it well. And he dances.
He loves to dance. He was once a
Charleston champion!"

"Johnny Carson lifts weights
and plays tennis. Johnny told me
he does it well. And he's better
than other comedians or talk show
hosts. He concentrates his
energies on doing his best and
making his best better and
better," she refers to as "Naura's
Dynamite Milkshake."

The milkshake contains skin
milk and safflower oil and something
called lecithin and powdered yeast and
I don't know what else — and Naura
says it is incomparable as a
soft drink.

"Frank Gifford does 75 push-ups
every day and he does isometrics to
stay in shape," she says.

"Jim Bouton told me that he
plays tennis several times a week," she says.
"And he does it well. And he
dances. He loves to dance. He was once a
Charleston champion!"

"Conrad Hilton is a strong ego
man," she says. "You must feel a
warm sense of self-worth. You have to get rid of all
guilt for wanting the best for
yourself."

"It's only then that you
begin to like other people. Too
many of us have been

programmed since childhood to
doubt ourselves."

Naura has her own theory on
why success embraces some
while it passes others.

"Contrary to what others
have said, people are driven to
accomplishments because of a
weak ego," she says.

"The only people that succeed
have a strong ego today is because
they were able to accomplish
what they wanted."

"But all of this takes energy. I
was on Regis Philbin's show and
he asked me, 'What about energy,
how do you get it?' Well, I told
him about my magic milkshake and
the next time I went on his show,
he told me it was a big
help to him.

"I made a

milkshake on the air. Then he
drank it and started jumping
and running and dancing.

"Energy! You don't get it
from martinis. And you don't
get it from candy bars. We think
we need booze or sugar because
we need a lift, an upper. But all
that does is bring us down.

"I know, he's like that.
But no more. No More."

myself. But no more. No More."

MAJOR EXCAVATION near the intersection of
Terrace Lane and Oaklawn Drive by the Granite City
city department to replace 265 feet of eight-inch sewer
line behind the homes on Oaklawn Drive from Terrace
Lane eastward. Inspecting the project is Superintendent

of Streets Lionel Portell, standing at right. Operating the
backhoe is Don Kraus. The project, which is below
the 12-foot level, is expected to be completed in about two
weeks, weather permitting.

(Press-Record Photo)

Tax forms mailed

Nearly 1.5 million federal tax
packages have been distributed to
taxpayers in Central and
Southern Illinois, according to
the U.S. Internal Revenue
Service.

Each package contains an
order blank for the convenience
of taxpayers in requesting
additional forms or free IRS
publications.

Taxpayers may also obtain
additional forms by stopping at

any IRS office, or at many
banks and post offices, or by
calling the IRS toll-free at 800-
252-5495.

This year, all forms requests,
including those made by
telephone are being sent to the
Forms Distribution Center,
Post Office Box 5070, Kansas
City, Mo. 64141.

The reason: the center is
equipped with a sophisticated
system for automated

packaging and mailing of
forms, and can utilize mass
production techniques not
available to district offices.

Requests for forms and
publications should be made as
soon as possible in order to
receive them in sufficient time
to prepare tax returns before
the deadline of April 15, a
spokesman said.

Pro bowling meet in area

Defending champion Mark Roth, bowler-of-the-year Earl Anthony and professional bowling's still active superstar, Dick Weber, will be in a field of 12 pros participating in a \$1,000 open night at the Webster Lanes in St. Louis this week through Saturday.

Roth, who finished second to Anthony in prize money won last year, and again owns the Showboat Open title, comes here following a week's rest after his Las Vegas triumph. The 25-year-old New Yorker regularly has been plagued by the "crushing" effect he applies while delivering the ball.

Anthony also has a triumph on the current young tour, winning the title in Terre Haute, Ind., and Little Classique. Steve Jones of Independence, Mo., is the other winner this year and also is in the local tourney. Entering to the Showboat, Roth has been in the semifinal and Anthony in the championship match as he displayed the form which earned him the tour's high average honors in 1976. Anthony was named bowler-of-the-year last week for the third straight year.

Opening the tournament yesterday was a junior pro-am. Two junior pros and four juniors are set for 7 p.m. today.

An adult \$1,000-first-prize program fills tomorrow's schedule, with squads at 1-3-5-7-9 p.m.

Roy Buckley, Larry Laub and Carmen Salino, who joined the tourney, will join writers' first team, also will be present this week, as will second-team members Gary Dickey, Jim Colwell, Nelson Johnson, Rich Hudson and Marshall Holman.

Besides Weber and Burton, three other well-known St. Louis pros are in the exempt field — Norm Myers, Gary Patterson and Ray Eberle.

Five of the area's top amateurs earned berths in the 128-man field when they won the first five places in local events in December. They are Paul Brandon, Karl Meyer, Terry Gilmore, Rich Held and Jeff Wilner.

**GC teams
1-2-3 in
mat meet**

North champion of sophomore mat meet

GCHS North's sophomore wrestlers earned 139 points Saturday, claiming the team championship at Collinsville High School.

The hosts had 126½ points, Cahokia 108, East St. Louis 82, Edwardsville 83½, Roxana

Tiger basketball coach to resign

Mel Roustio, Edwardsville High School varsity basketball coach, and Steve Moss and Kent Hickman, assistant coaches, announced their resignation last week, effective at the end of this season.

Roustio's teams starting in 1976-77 had won-loss records of 18-10 and twice 18-17, including reaching the state supersectional and 4-12 this season.

The head coach said, "There has been considerable Board of Education involvement in the day-to-day activities of the basketball program."

"This attitude, general lack of support and apathy toward program improvement and communication has created a lame-duck leadership role as basketball coach."

On Wednesday at 6:30 a.m., he will address students on "Jewish Folklore" and at 1:30 p.m. that day he will discuss "What Judaism and Christianity Have in Common," in the SIUE Religious Center.

He noted that the SIUE will continue to stay open and arrangements are being made

to use alternate fuel if the region's natural-gas supply is curtailed.

"I believe this region will be best served by doing our job and getting our gas supply back up," Roush said.

He said he will remain at SIUE through the spring semester.

"I am pleased to know we can resort to an alternative fuel source ... oil ... if our gas resources are curtailed."

Other actions have been taken in recent years to reduce energy costs.

Several buildings were closed during the past weekend and the thermostats were lowered to 55 degrees.

Special areas are being heated which need permanent heat as a protective measure to safeguard research projects and equipment, the SIUE president said.

He noted that the SIUE will

TOTAL SATISFACTION GUARANTEE

Everything you buy at Kroger is guaranteed for your total satisfaction regardless of manufacturer. If you are not satisfied, Kroger will replace your item with the same brand or a comparable brand or refund your money.

We also guarantee that we will do everything in our power to have ample supplies of all advertised specials on our shelves when you shop for them. If, due to conditions beyond our control, we run out of an advertised special, we will substitute the same item in a comparable brand (when such an item is available) reflecting the same savings or, if you prefer, give you a "RAIN CHECK" which entitles you to the same advertised special at the same special price any time within 30 days.

THE KROGER
TRIM MEANS
BETTER VALUE
in our meats

Excess fat, bone and waste are removed according to rigid Kroger standards before each cut is weighed and priced. No wonder you get more meat for your money at Kroger.
